

NOTICE

Financial Institution

The Director General wishes to inform all Financial Institutions (FIs) that valid self-certification must be collected when updating pre-existing accounts and upon opening of all new accounts. With respect to pre-existing accounts, if a valid TIN is not on file, the FI must make reasonable efforts to obtain the missing information (e.g. contacting the account holder). The TIN must align with the residence address held on record. If there are any inconsistencies between the TIN and other account-holder data, the FI must take reasonable steps to obtain a valid TIN or provide an explanation with supporting documents.

This requirement applies without exception and is in accordance with the reporting and due diligence obligations under the Common Reporting Standard and the Mutual Administrative Assistance in Tax Matters Act Chapter 103:03, R.E. 2020.

Financial Institutions are required to have robust procedures in place to obtain and properly maintain self-certification forms for all account holders, as well as to ensure that the information is accurate and up to date.

Your cooperation in this matter is appreciated. Should you have any questions or require further guidance, please contact the Department at internationalcompliance@bts.gov.bz.

‘Effortless, Easy and Electronic tax services for Everyone’

**A notice from the Director General
of the Belize Tax Service Department**
